Purchase when you pass the old part, we will ship the goods after you deliver the old catalytic converter. The delivered part must be complete, original, marked with OE number, and must not have mechanical damage and signs of tampering. We do not accept COD shipments.

We offer a catalytic converter regeneration service, i.e. replacement of the inserts with new ones. The cartridges used meet EURO 5 emission standards and effectively eliminate the error of low efficiency of the catalytic converter.

Metal core cartridges are much more durable than the original ceramic ones, and the density of 400 cpsi faithfully reflects the factory capacity, guaranteeing optimal engine power.
